

Name: **STATCH**TM

Players: 2 or 4

Age: 7+

Skills: Planning, Strategy, Decision Making,
Probability, Predicting,

Awards:

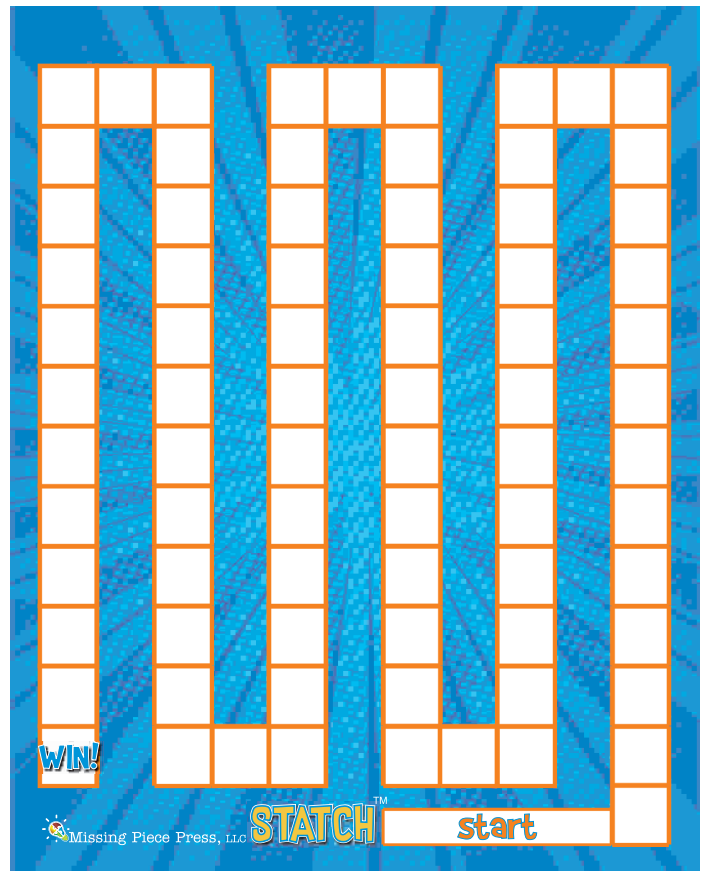

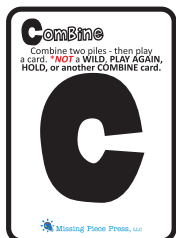

Components: 72 Cards, 1 Rule Sheet, 2 Game Pieces, 1 Game Mat

Description: The **STACK-MATCHING** Game!

The first player plays a card in the middle of the table. Let's say it's a STAR card or a 7 or a 9. The next player plays a card on top of that. Hmm, now there are TWO cards in a stack on the table. When I place card down for my turn I *COULD* start a **NEW** stack but, hey...I have a card with a **3** on it. So, I place the **3** on top the two cards. And, look at that, my card **MATCHES** the **STACK**. (There are now THREE in the STACK!) So, I win THREE spaces on the board and I place the 3 card in a USED pile and I place the other cards in a "re-use" pile.

So, obviously the **FIRST** player did not have a 1 card and the second player did not have a 2 card. That was lucky for me. There are some other FUN cards that come in to play, too!

A LITTLE thinking...a LOT of fun![®]
