Thinklers 2 is a fantastic book. I used it with a group of 25 senior citizens and it was a lot of fun.

Hubby and I love try to figure out the puzzles. We keep going back to the sheet we are working on a few times throughout the day. Great for seniors who want to keep their minds sharp.

This book of puzzles is wonderful! I so believe in challenging both my grandchildren's and classroom students' thinking. They thoroughly enjoy the challenge. Substitute teachers could use these as entry tasks for classrooms in which they are subbing. These puzzles are great for third grade and up; some are appropriate for lower grades.

A LITTLE thinking...a LOT of fun!®
