The game is absolutely fun.

Everything is good with it.

For fast-moving party and family fun, Whew! can't be beat! The ultimate goal of this high energy board game is to be the last player or team left on the board. Under pressure of the timer, players must quickly come up with a word that matches either the beginning sound (green cards) or ending sound (red cards) of the word on the card just flipped. Part of what makes Whew! so exciting is that each turn requires several players to do this in rapid-fire succession. The moment a player jots down a valid word, pencil and paper are quickly passed so that the next player can attempt to do the same. This continues for as long as the timer is going. When it stops, the player holding the pencil must roll the die and move that many spaces closer to the dreaded 'OUT' zone. Other players can get towed along by the luck of the roll, so no one is completely safe. The excellent balance of skill and luck is one of the reasons Whew! plays so well across a broad range of ages. Includes game board, die, pad of paper, 6 game pieces, 41 cards, rule sheet, and free timer app download.

A LITTLE thinking...a LOT of fun![®]

It's the word-writing, sound-matching, pencil-passing party game!

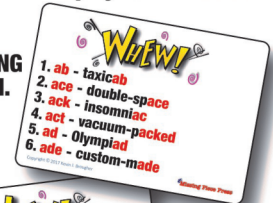

Contents: Game Board, 6 Game Pieces, 1 Die, 1 Pad of Paper, 41 Cards, & the **WHEW!**™ Timer App (download)

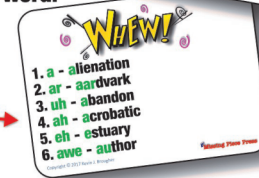

1. Okay...FIRST, download the FREE **WHEW!**™ timer app for your IOS or Android device.

2. Next, get everything ready!
For 1 - 6 players, play individually. 7 to 12 can play as teams of 2.

3. Then, grab a card.
RED - you will try to match the **ENDING SOUND** of the word.
GREEN - you will try to match the **BEGINNING SOUND** of the word.

4. Roll the die to see which **SOUND** is used. Then, the first player **STARTS** the timer, writes down a word that matches the sound, and **PASSES** the **PENCIL**!
If a 4 was rolled on this card, the responses could be:
Animal, Astronomical, accident, apple, apricot...etc.
As long as it starts with the "ah" sound...you are good to go!

5. Write "PASS" if you get stumped but, you will have to move a space for each time you write it. Be caught with the pencil when the timer goes off and you have to roll and move! The **LAST** player or players left on the board, **WIN** the game!

**There are a few other little rules - be sure to read the full "RULES" sheet.*
