

Name: **Round About**TM

Players: 2 - 4

Age: 7+

Skills: Addition, Subtraction, Planning, Decision Making

Awards:

Components: 72 Cards, 1 Game Token, 1 Game Mat, 1 Rule Sheet

Description:

Just collect the most cards after **4** rounds and you **WIN!**

But, how do they get to collect a card ? Just play one or more of your cards in your **HAND** to move a token around a number wheel. If the token stops on the number that is the same as the **MATCH PLAY** card....you get to collect that card!

It is fun, and great thinking, to look for all the possible combinations that could move the marker to the spot you need. Yea...there's a little adding, subtracting and number sense involved. But, that makes it **REALLY** good for kids and families!

This a **FUN** way to help kids with **NUMBER SENSE!**

Just play cards and move the token **FORWARD** or **BACK** the number of spaces shown on the cards! Easy! Wait...you want to land on the **MATCH PLAY** card Hmm, the 2 moves me to 2 or back to 8. That's not 4. OH!...Got it! How about I move forward 5, back 3 and then forward 2...to land on 4! Yay! I collect the 4 and turn over the next **MATCH PLAY** card! **HOPEFULLY** I have cards left that can get me to that next number! Have the most collected cards by the end of 4 rounds and...you **WIN!**

The **SPECIAL** cards add to the fun. But, careful, use the **WILD** card and your turn is over.

Round About is a **FANTASTIC** family friendly game!
