

Name: **SUM it!**TM

Players: 2 or 4

Age: 7+

Skills: Strategy, Planning, Decision Making,

Adding

Awards:

Components: 96 Square Playing Cards and 1 Rules Sheet .

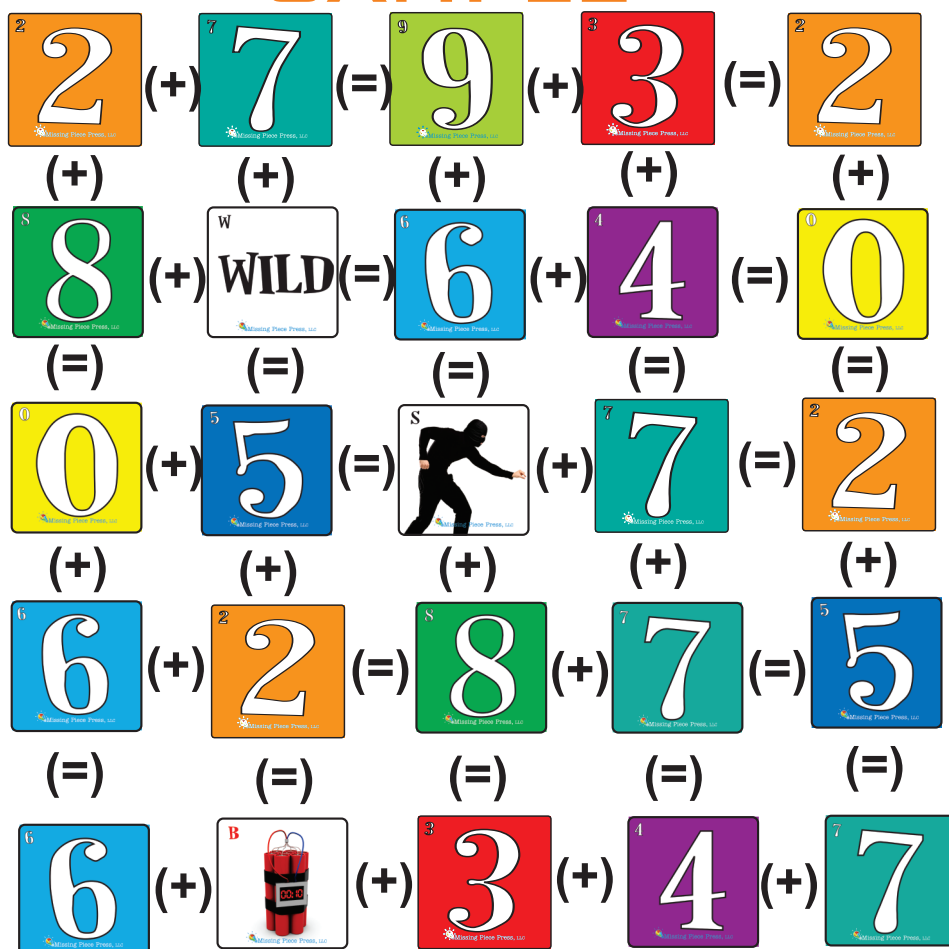

Description: Yes, there is some adding involved. But, don't let that stop you. And, watch out - once you start...it is HARD to stop!

Each player, or TEAM is building a 5 x 5 grid. You always start in the upper left corner. The played cards MUST form an addition sentence like: **3 + 5 = 8**, both **Left to Right** and **Top to Bottom**. If the answer adds up to **2-digits** players drop/ignore the **TENS** place and just leave the **ONES** digit. Within a few plays the

MATH is going to tell you what cards you must play next. Watch out for the **BOMBS**, **STEAL**, and **WILD** cards!
