Description: Yep, this is my ABC book for two, undoubtedly, brilliant twin boys. Great for all kids, though.

BIG words for amazing young minds - that the older generation will appreciate, too. Plus, a great sprinkling of good **FIRST** words for babies and toddlers. Fun rhymes - great pictures - make for a wonderful read over and over and over book!

Sample: **Grandpa Kevin's - really kinda strange, somewhat bizarre and overly unrealistic - ABC Book** is exactly as described: a fun and informative learning tool that introduces new, young minds to complex words in order to fast-track their development. The book incorporates playful rhymes and cute pictures and is a wonderful way to bring the ABC's to life. Highly recommended for children ages 5 and under! - **Review by the Book Excellence Awards**
